

### TEMPORARY PLAYER RELEASE For Exhibition and Tournament Games

This form is used to release a player rostered on a NORCAL travel team to be temporarily rostered on another NORCAL team formed to play tournament and/or exhibition games (categorized in NORCAL rules as a "special" team).

A temporary release is one for a specified period of time (e.g., a holiday weekend) during which an unspecified number of games will be played by named player with the special team and no games will be played by the named player with the NORCAL team on which the player is rostered. This release form is not required for periodic non-NORCAL league games (e.g., SWL play); for these cases, use the NON-LEAGUE PLAYER COMPETITION NOTIFICATION form.

The NORCAL Roster Manager or NORCAL General Manager will make specific rulings with regard to requirements for this form subject to the appeals process provided by NORCAL Rules and Regulations.
